*Village News* gives Executive Technologies it's 5 star rating.

## New Additions

This is a very exciting time at Salon Mosaic. We have been very busy working on a number of projects. As representatives of Scruples, Randy and Angie are busy traveling and making the world a more beautiful place. Not only are they introducing new color lines, they are also educating other stylists in how best to apply hair color to enhance their client's most favored features. Salon Mosaic is currently in the process of developing a model list for current and future photo shoots, hair shows and other numerous projects. If you are interested in being a model, please send a photo to [modelsearch@2mosaic.com](mailto:modelsearch@2mosaic.com) and provide us with your limitations (i.e. hair length, color, etc.). If you don't have e-mail, call us at (757) 427-0200 and we'll set up an appointment for a consultation.

The Salon Mosaic team is also very excited to introduce our newest team member, Erin Marie Butler. Erin Marie has been in the salon industry since 2003. She is very well educated in hair color, cutting, and styling having taken in numerous classes locally

and in New York. She excels at cutting men's hair. Her goal is to be the best stylist she can be by providing her clients with a wonderful relaxing experience. When not in the salon, Erin Marie enjoys spending time with family and friends, shopping, going to the beach and just enjoying life! She and her husband have 2 dogs and a cat. Come to Salon Mosaic and enjoy being pampered by Erin Marie.

Don't let the summer sun ruin your hair...stop by Salon Mosaic and talk to one of our stylists about what Scruples products will not only help in styling your hair, but will protect it too!

We are located in the Princess Anne Shoppes at 2488 North Landing Road, Ste 107 (757) 427-0200. Visit us on [Facebook](#) or at [www.2mosaic.com](http://www.2mosaic.com) We look forward to seeing you soon!
